Product description:

PIPETMAN®, recognized as the pipetting standard for its reliability and proven durability, is a fully adjustable, air-displacement pipette that uses disposable tips. PIPETMAN combines legendary accuracy, precision, and durability with easy pipetting and handling. PIPETMAN pipettes come in a large range of volumes with reduced pipetting forces for hours of comfortable pipetting. Eight single channel models cover a volume range from 0.2 μ L to 10 mL and eight multichannel models cover a volume range from 1 μ L to 300 μ L.

Legendary Performance

Accurate and precise, PIPETMAN air-displacement pipettes are recognized as one of the world standard. They come in a large range of volumes, including single and multichannel models, allowing you to handle various sample types with confidence.

Easy Pipetting

PIPETMAN feels like PIPETMAN® Classic but with lower forces for enhanced pipetting habits with a standard pipette.

Built-to-Last and Convenient

Made of PVDF and stainless steel, PIPETMAN offers premium durability. Built-to-last, it is the economical solution for years of pipetting.

Simple to Maintain

Routine cleaning and maintenance are all that is required to keep PIPETMAN in top condition for years. The PIPETMAN design allows for easy access to user-serviceable parts, along with a fully autoclavable tip holder and ejector.
