

Microtubes from 0.5 freestanding screw cap brown

Cf. 1000 pcs - Microtubes 0.5-freestanding locking screw-on cap not included nuclease and pyrogen free, suitable for cryogenics

Product codes:

Reference: 64 879 9921

Product description:

Polypropylene brown color with a diameter of Ø11x44 mm.

Designed for use with samples sensitive to light. Resistant to temperatures from -196°C to +121°C.

The microtubes are certified RNase, DNase, DNA and Pyrogen free.
Usable in the centrifuge up to 17,000 rpm.

Type:

- Vol. 0.5 ml - freestanding

Cf. 1000 pcs

Product features:

MTB - CAP: not included
MTB - COMPLIANCE: -
MTB - TYPE: screw closure
MTB - CAPACITY: 0.5ml
MTB - CLOSING: screw
MTB - CAP FORABILE: -
MTB - INSERTED CAP: no
MTB - OPTICAL AREA: -
MTB - FORM: standard
MTB - FUND: tapered
MTB - SELF STANDING: you
MTB - MATERIAL: PP
MTB - SIZED: no
MTB - OPACITY: screen for photosensitivity
MTB - AREA WRITABLE: no
MTB - LABEL: absent
MTB - RCF MAX: -
MTB - TEMPERATURE RANGE: -196°C a +121°C
MTB - RPM: -
MTB - TEMPERATURE MAX: +121°C
MTB - MINIMUM TEMPERATURE: -196°C
MTB - CYTOTOXICITY: nd
MTB - PURITY: DNase / RNase / pyrogen FREE
MTB - AUTOCLAVABLE: nd
MTB - STERILITY: no
MTB - SIZE: Ø11x44mm
MTB - FEATURES: microtubes screw cap shielded from light 0.5 ml
MTB - SUITABLE FOR: centrifugation
MTB - SUITABLE FOR: sample preparation
MTB - SUITABLE FOR: storage
MTB - SUITABLE FOR: cryogenics
MTB - SUITABLE FOR: samples of light-sensitive
MTB - RESISTANT: freezing at -20°C
MTB - RESISTANT: freezing at -80°C
