Product description:

Pipettor for the withdrawal and dispensing of liquids from pipettes, plastic or glass from 0.1 to 100 ml.

Very handy and lightweight (160 g.), easy to use, you make the filling simply by squeezing the bellows of the suction and moving the lever upwards.

To dispense the liquid, simply press down the lever.

With a membrane filter to protect the aspirator/dispenser of liquid penetration.

Autoclavable.
