Product description:

- Instant heat up to 850°F with finger pressure control
- The Max Wax is powered by one AA battery (included)
- Interchangeable micro tips
- Speedy and portable

The Wax Pen is a hot pen, powered by two AA batteries (supplied) and includes one Tip. Pressing a switch heats the tip of the pen to a temperature that melts Beeswax and Capillary Wax which are used for sealing capillaries. Replacement tips are available in a pack of three different shaped tips (straight loop, straight flat, and curved loop).
