Product description:

- Editor: Alexander McPherson
- Publisher: Academic Press, Volume 142, Number 1, April 2003
- ISSN: 1047-8477
- Paperback: 231 pages

This special issue of the Journal of Structural Biology focuses on Macromolecular Crystallization in the Structural Genomics Era. Following an Introduction by Alexander McPherson, there are 19 regular articles focused on the crystallization of biological macromolecules. If crystallization is your thing, you need this. Thanks to everyone contributing to this special issue. Well done everyone!
