

Dow Corning 7 Release Compound - 150 g

Grease sealant for hanging, sitting, and sandwich drop vapor diffusion set ups.

Product codes:

Reference: HR 3508

Product gallery:

Product description:

The Dow Corning 7 Release Compound Grease sealant is similar to vacuum grease but is less viscous. Being less viscous, it is easier to push through a syringe when applying the sealant manually. Squeeze the grease into a 10 cc syringe fitted with a 200 µl pipet tip trimmed to desired diameter and you are ready to grease.
