

4Inch Soft Rubber Brayer - 1/ea

Even and secure application of sealing films to crystallization plates

Product codes:

Reference: HR 4470

Product gallery:

Product description:

- 4 inch wide soft roller with metal handle

Soft rubber roller ideal for use with self adhesive sealing films and foils. The brayer allows for even and secure application of sealing films to 24, 48, 96, 384 and 1536 micrplate format crystallization plates.

The four inch wide soft roller applies even pressure to help ensure a uniform and complete seal without the risk of the film touching sitting drops. The brayer is also useful for sealing the LCP Sandwich Set glass plates (HR3-151).
